

Professional & reliable suppliers of quality products

The **Street Warrior LED** range is both affordable and competitively priced with excellent light transmission.

Street Warrior LED's are fitted with the latest technology Samsung diodes and an enhanced, diffused domed lens. These unique features provide brighter illumination with improved light dispersion. The quality Samsung diodes guarantees 90% illumination up to 30000 hours with constant colour temperature within the same batch.

In addition, the 160 degree wide angle lens provides an average of 10% savings on the quantity of modules required to obtain the same, if not better, light output.

Street Warrior LED's has a 3-year exchange warranty.
(Provided correct installation guidelines has been followed and product testing has been performed to assess faults.)

Available in packs sizes of 50 or 200 modules per pack. Power supplies also available from all Maizey branches.

Colour - LED light:	Cool White
LED SMD:	Provided by SAMSUNG LED, 2835
Lens cover type:	Light diffusion (LD)
Input voltage:	DC 12V
Number of LED per Module:	3
Power consumption:	1.1W
View angle:	160°
Operating current:	90mA
Colour temperature:	9,000 ~ 10,000Kelvin
Lumen:	120 lm/Module
Operating temperature:	-40°C ~ 50°C
Waterproof rate:	IP68
Series connection:	Maximum of 50 modules
Per chain connection:	50 pieces
Dimensions:	63mm x 12.5mm x 7.5mm
Maximum length of module lines:	8m
Pack Size:	50 per pack/200 per pack
